HMDC Presents...

P5 Positions: Futuristic Security Council (Year 2100)

Topic: Security Council of 2100: Use of Space

The P5 are the five permanent members of the Security Council: China, France, Russia, the United Kingdom and the United States. Each can veto a Security Council decision, so their views matter a lot. This page shows only what our sources say; rows that start with "Check:" are for you to research.

Member	What our sources show	Source
United States	Wrote the 2024 draft with Japan and voted yes.	UN Meetings Coverage
United Kingdom	Among the 13 members voting yes.	UN Meetings Coverage
France	Among the 13 members voting yes.	UN Meetings Coverage
China	Abstained; wanted an agreement covering all types of weapons.	UN Meetings Coverage
Russia	Voted no, so the draft failed because of the veto.	UN Meetings Coverage

HOW TO USE THIS PAGE

If your country is not a P5 member, find the P5 member closest to your view and use its support to win votes. If your country is a P5 member, remember that other delegates will watch your vote closely.
