Resolution Writing Guide: Legal Committee

Cyberwarfare Case Studies

This guide gives you the opening words that start every clause of a resolution, and it shows one example from this committee's sample resolution. A resolution is the final product of the committee, so clear clauses help your ideas get votes. Read the example first, then practise writing your own clauses in the boxes at the end.

THE TWO KINDS OF CLAUSES

Preambulatory clauses come first. They say *why* the committee is acting. Each one starts with an *italic* opening phrase and ends with a comma.

Operative clauses come second. They say *what* the committee will do. Each one is numbered, starts with a **verb**, and ends with a semicolon. The last operative clause ends with a period.

WHAT THIS COMMITTEE CAN DO

The Sixth Committee is a committee of the General Assembly. Its resolutions are recommendations, so your operative clauses should encourage, recommend, call upon and request, not order.

ONE WORKED EXAMPLE

This is the opening line of the resolution: **The Sixth Committee,** Every clause after it continues that sentence.

> *Recalling also* the United Nations Convention against Cybercrime, adopted by resolution 79/243 on December 24, 2024, which shows that Member States can agree binding rules for cyberspace,

The starter *Recalling also* tells the room *why* the committee cares. The rest of the clause names the fact, rule or earlier decision, and the comma at the end shows that more clauses follow.

> 1. **Encourages** all Member States that have not yet done so to publish a national position on how international law applies to their conduct in cyberspace;

The verb **Encourages** tells the room *what* the committee will do. The words after it say who acts and what they should do, and the semicolon shows that another operative clause comes next.

YOUR TURN

Write one clause of each kind for your own country. Use a starter from the table, and make sure your operative clause asks for something this committee is allowed to do.

Preambulatory clause (starter, then the reason, then a comma):

_____ _____

_____,

Operative clause (number, verb, then the action, then a semicolon):

1. _____ _____

_____;

The example clauses come from the HMDC sample draft resolution for this committee, which lists its sources in full. Resolutions are written live in committee with your bloc, so use this guide to practise, not to copy.
