

HMDC Presents...

THE FINAL PHASE

A Guide to MUN Voting Procedure.

The Path to a Resolution

1. The Dais Reviews.

2. Secure the Room.

3. Vote on Amendments.

4. The Final Vote.

Step 1: Checking the Work

Before voting, the Dais (the Chair) must review your Working Paper.

- ✓ Good grammar?
- ✓ Correct format?
- ✓ Enough signatures?

Gathering Support

Sponsors: The main writers of the paper.

Signatories: Delegates who want to discuss the paper.

You need at least 20% of the room to sign! Once the Dais approves, your paper becomes an official Draft Resolution.

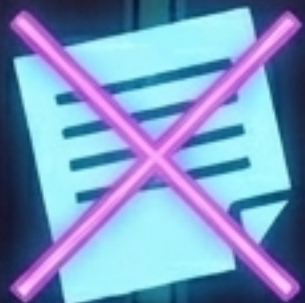

Step 2: Securing the Room

The committee votes to close debate.
Now, strict voting rules apply.

LOCKED

No talking.

No note passing.

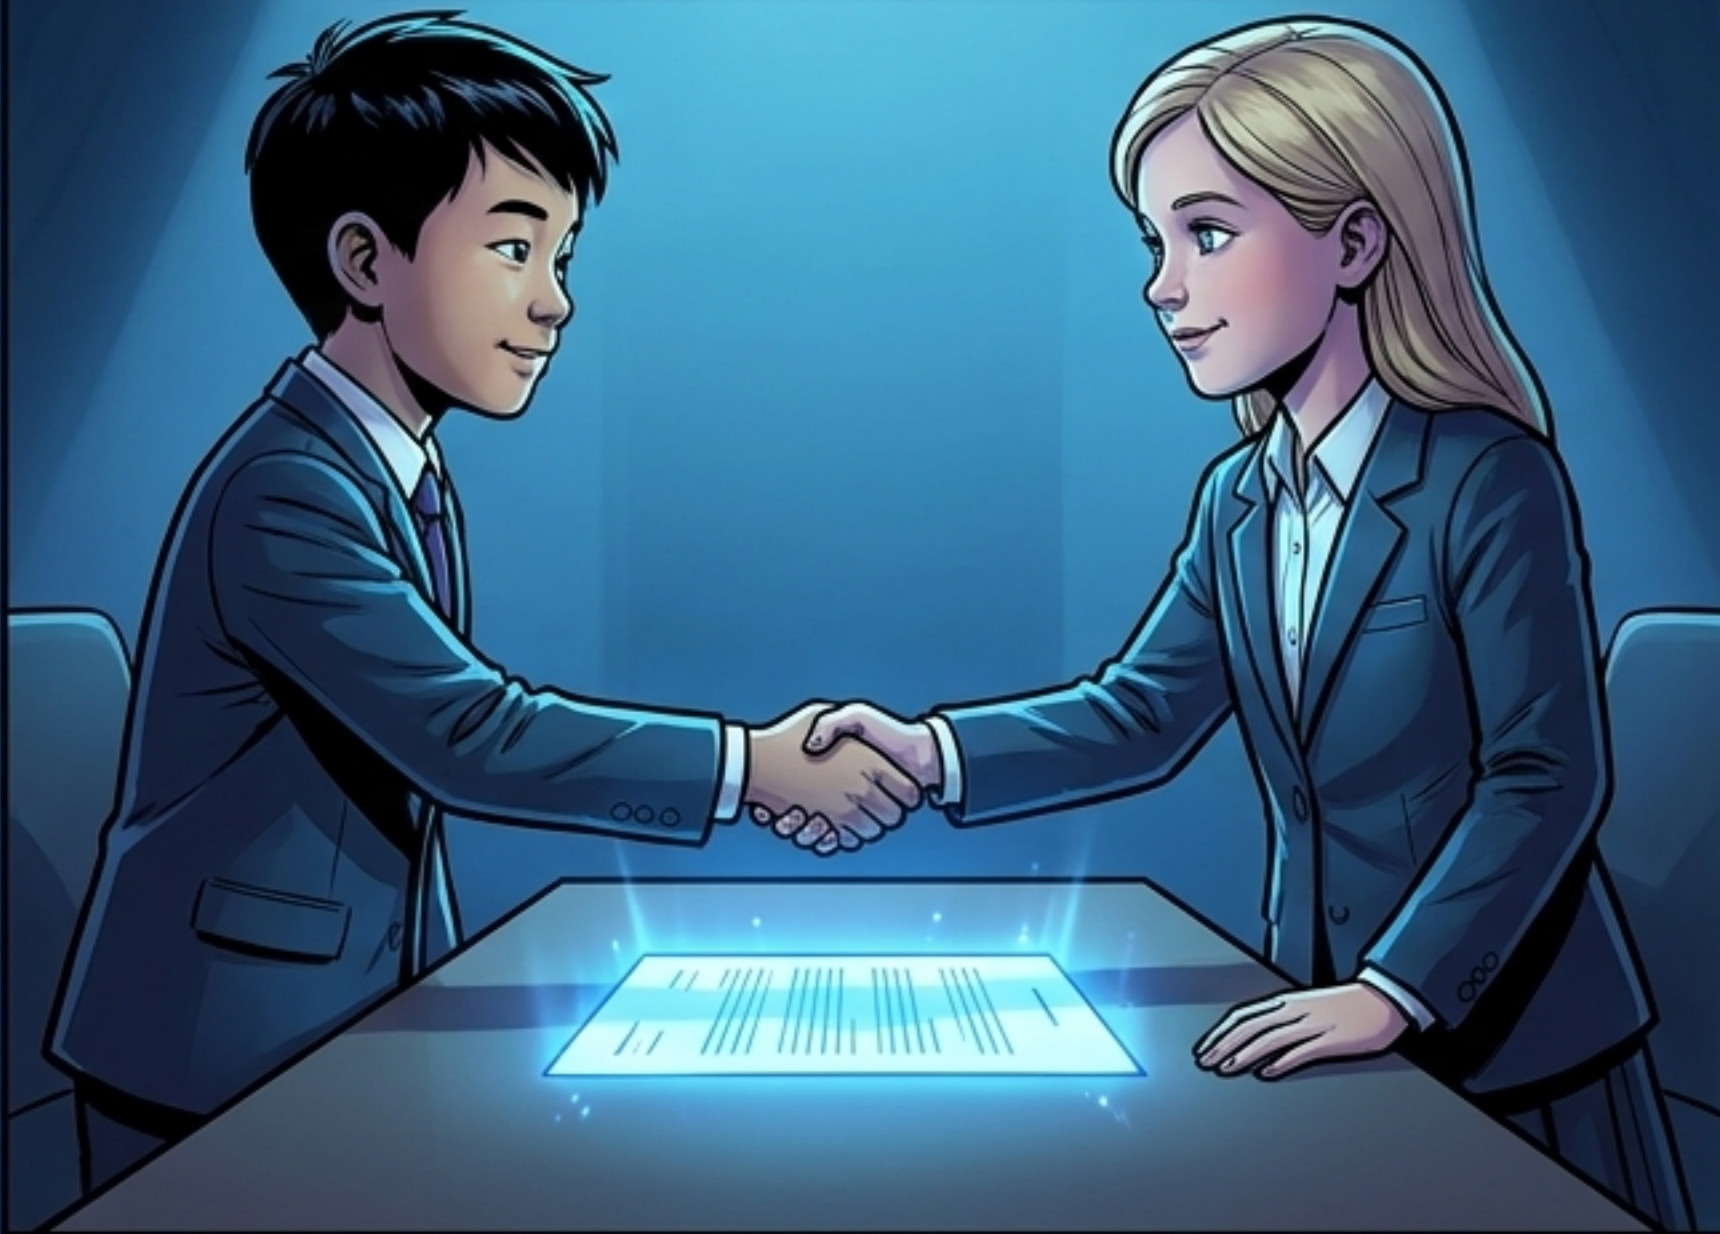

No entering or leaving.

Step 3: Making Changes (Amendments)

Friendly Amendment

All sponsors agree.
The change is added instantly.
No vote is needed.

Unfriendly Amendment

Not all sponsors agree.
The whole room must vote
on the change.

Voting on Amendments

Unfriendly amendments are handled one at a time.

1. The Chair picks 2 speakers
FOR the change.

2. The Chair picks 2 speakers
AGAINST the change.

3. The room votes to keep it
or drop it.

Step 4: The Final Decision

It is time to vote on the whole
Draft Resolution.

[YES]:
You support it.

[NO]:
You do not support it.

[ABSTAIN]:
You choose not to vote.

Victory or Defeat

PASSED

If the majority
votes YES, the Draft
Resolution passes!

It is now
an official
Resolution.

HMDC Presents...

Mission Accomplished

You have mastered the voting procedure.
Now, it is your turn to lead the room.
