*Witness the
ultimate clash
of logic and
teamwork!*

THE ARCHITECT: 1st Proposition

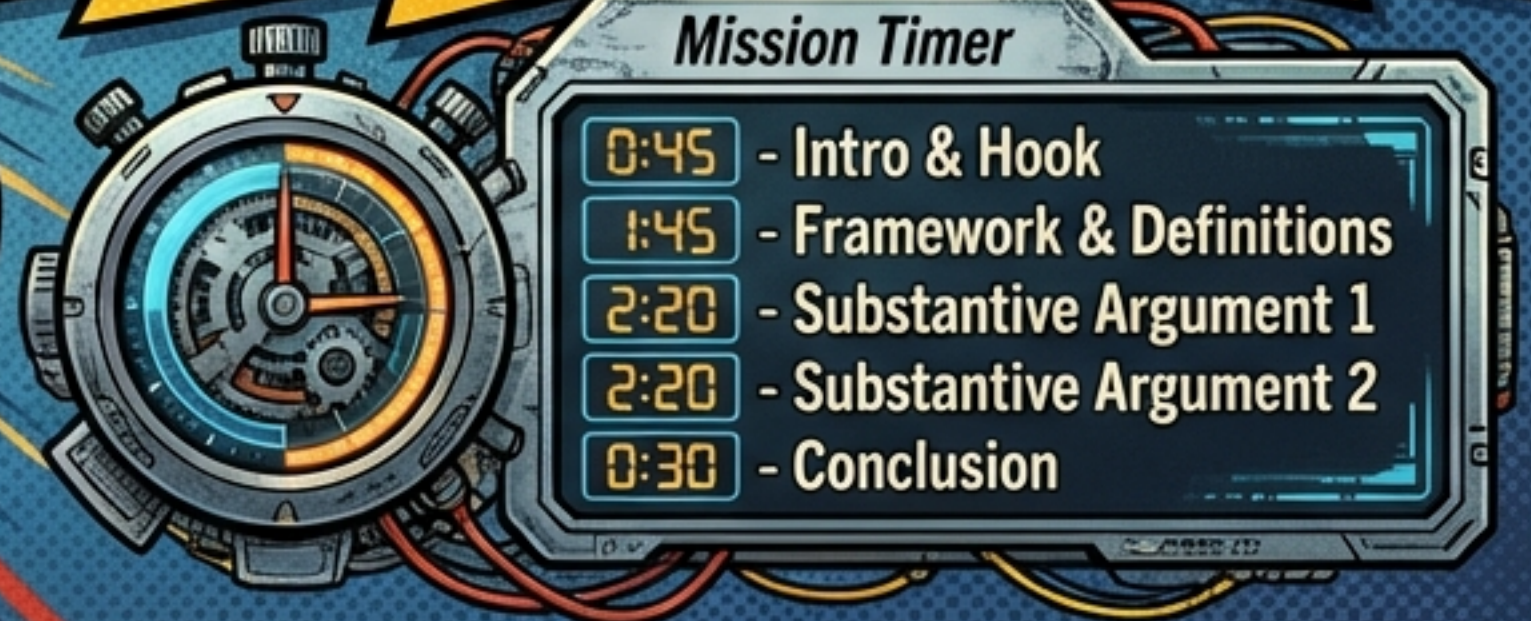

POWER METER: 8:00 MINUTES

-  **Define the Mission:** Explain the motion and set the rules.
-  **The Master Plan:** Introduce the team's model or policy.
-  **The Split:** Tell the judge which hero will argue what.
-  **Constructive Arguments:** Deliver the first two massive points for your side.

I build the foundation of the debate! Without my framework, the whole round crumbles!

Mission Timer

THE CHALLENGER: 1st Opposition

- 🎯 **First Clash:** Attack the First Proposition's arguments directly.
- 🎯 **The Opp Split:** Explain how your team will divide the counter-attack.
- 🎯 **Constructive Arguments:** Launch the first two arguments for the Opposition.

Comm-Link

Use the Dr. MO method to refute! Deny their claim, Reverse it, Mitigate it, or Outweigh it!

Mission Timer

THE DEFENDER: 2nd Proposition

POWER METER:

I have a dual burden!
I must be the ultimate
shield for my team, but I
also bring our final, secret
weapon to the fight!

Defensive Rebuttal: Rebuild your team's first arguments after the Opp attacks.

Offensive Rebuttal: Tear down the 1st Opposition's arguments.

New Matter: Introduce the 3rd (and final) substantive argument for your team.

Comm-Link

Try a **Coalition Strategy!**
If your first speaker talked
about the Economy, shift
perspectives and talk about
Society or **Ethics!**

Mission Timer

**Clash &
Refutation!**

**Final Opposition
Argument!**

Comm-Link WSDC CAP Expert

Tournament rules say the 2nd Opp should bring substantial new material! You need new examples, deep logic, and big impacts to survive the next phase!

THE DEMOLISHER: 3rd Proposition

Speaker E, 13 yrs

- ✕ **Zero New Claims:** You are strictly forbidden from bringing brand-new substantive arguments!
- ⚠ **The Demolition:** Your job is pure refutation. Tear down the entire Opposition case.
- ⚠ **Find the Clash:** Group the debate into the 2 or 3 biggest Points of Clash (areas of disagreement).

Mission Timer

8:00 - Continuous structured attack and defense around **Key Issues!**

POWER METER:
8:00 MINUTES

KRA-KOOM!

*I am the summary gladiator!
I sift through the rubble of the debate, add powerful new examples, and prove our house is the only one left standing!*

THE FINAL WALL: 3rd Opposition

POWER METER: 8:00 MINUTES

NARRATOR CAPTION:

The Last Stand: You are the final speaker allowed to directly rebut Proposition material!

Deep Refutation: Break down the Prop's case into 3 main themes and defeat them.

Rebuild: Make sure your team's arguments are strong and protected.

No New Stuff: Just like the 3rd Prop, no totally new substantive arguments!

WSDC CAP Expert

Beware of Late Material! If your team dropped an argument earlier, you can't magically invent a new one here. You must evolve the arguments already in play!

THE VISIONARY: Opposition Reply

POWER METER: 4:00 MINUTES

*I'm back!
As the 1st (or 2nd)
speaker, I return to act
like a reporter. I tell the
judge the story of why
the Opposition clearly
won the most important
battles today!*

-  **Order Swap:** The Opposition gives their reply speech before the Proposition!
-  **Big Picture:** Step back! Don't do line-by-line refutation. Tell the story of the debate.
-  **The Crux:** Identify the core logic and the ultimate Why of the round.
-  **No New Matter:** Absolutely no new arguments or new examples!

THE CLOSER: Proposition Reply

POWER METER: 4:00 MINUTES

The debate
started with me, and
it ends with me!
My job isn't to argue
anymore; it's to hold up
a magnifying glass to the
judge and say, 'Here is
exactly why we won!'

The Final Word: You have the absolute
last word in the entire debate!

Crystallize: Boil down 50+
minutes of debate into the
the 2 or 3 most vital
reasons your side won.

Compare Worlds: Show the
judge the world the Opposition
created vs. the world your
team created, and explain
why yours is better.
